

OPEN CALL FOR PRONOUNCEMENTS COMMITTEE MEMBERS

Term Start: Upon approval

Term: Three year term, ends in June. Once renewable.

Eligibility Requirements

NATA member in good standing

Consumer of peer-reviewed evidence.

Experience with dissemination of research, including manuscript drafting, editing, and review.

Experience and expertise in at least one of the domains of athletic training, including injury and illness prevention and wellness promotion, exam and diagnosis, emergency care, and therapeutic intervention. Expertise in the upper and lower extremities is also desired.

Looking for individuals who are very organized, efficient, and good at following-up on deadlines. Individuals who have good knowledge of areas in which science is plentiful and supports evidence-based recommendations relevant to athletic training practice are desired. Candidates who are well-connected with the athletic training research community and aware of current and emerging research evidence are desired.

Submission Process

Applicants must submit a curriculum vitae that includes evidence of the minimum and preferred requirements.

Applicants must submit a cover letter that includes their identified area of expertise, and describes their potential value to the committee in terms of content knowledge, experience with drafting, editing, and reviewing manuscripts as well as contribution to the athletic training profession.

All submissions must be emailed no later than October 5, 2020 to the NATA Foundation at FNDNStaff@nata.org with Pronouncements Committee in the subject field.
