

## James R. Andrews, MD Excellence in Athletic Training Research Endowment

**About the Endowment:** The James R. Andrews, MD Excellence in Athletic Training Research Endowment, established in 2009, is intended to assist athletic trainers in the selection of interventions to maximize athletic health care. The endowment provides an annual grant for:

- Research directed toward clinically significant studies to directly improve athletic health care in the areas of prevention, care, treatment and rehabilitation;
- identification and evaluation of the most appropriate and best practices of procedure, techniques and products of/for clinical performance/outcomes; and/or;
- to determine the validity/relevance of the evidence.

When this endowment reaches Level 1 funding, one Doctoral grant (\$2,500) or two Masters grants (\$1,000) will be awarded. At Level 2, additional grants will be awarded.

**About Dr. Andrews:** Dr. James Andrews helped found the Andrews Sports Medicine and Orthopaedic Center; the American Sports Medicine Institute (ASMI) a non-profit institute dedicated to injury prevention, education and research in orthopaedics and sports medicine; and the Andrews Research and Education Foundation, also dedicated to prevention, education and research. Dr. Andrews is internationally known and recognized for his scientific and clinical research contributions in knee, shoulder and elbow injury prevention and treatment. In addition, he has made major presentations around the world, and has authored numerous scientific articles and books. He is the past President of the American Orthopaedic Society for Sports Medicine, and has served on the Sports Medicine

Committee of the United States Olympic Committee and the NCAA Competitive Safeguards in Medical Aspects of Sports Committee.
